Highlights from the Year

FBOR's partnership with UR Action in Tillamook county resulted in program expansion into a rural part of our state. These efforts to bring financial literacy to Tillamook County was a group project undertaken by people from different backgrounds and perspectives that spanned seven months from November 2022 to June 2023. This bridge-building work gained national recognition and the project is being recognized at the Bridge Builders Innovation Showcase in October, 2023.

Our Forward program was used to help folx experiencing housing complications. Do Good Multnomah partnered with FBOR to provide our newly revamped Forward program to participants with rents in arrears. After completion of this class, these partnerships had their late rents forgiven resulting in peace of mind that they would not lose their housing along with the tools needed to help manage their finances going forward.
